Dear students,

on Monday, May 17, 2021, the online evaluation of the Undergraduate and Postgraduate courses taught in the Spring Semester 2020-2021 in all the Departments of Panteion University will start.

For reasons of smooth operation of the eclass information system, the following schedule will be implemented:

• From 17-5-2021 to 24-05-2021 the courses of the Department Social Policy will be evaluated.

We remind you that you have the opportunity to participate in the Evaluation of your Courses through a Questionnaire. You will find the anonymous Questionnaire posted on the QUESTIONNAIRE tool on the Open eClass Platform of each of your courses.

The completion of the Questionnaire does not exceed 10 minutes, but your participation is necessary and will contribute to the feedback of the teaching quality so that improvements can be made where needed.
